

Technology Innovators Meet (Technovation) **14th March 2023, Kohima**

Background: The Sustainable Development Goal Coordination Centre (SDGCC) of the Department of Planning & Transformation, has collaborated with Atal Innovation Incubation (AIC) SELCO Foundation in the field of rural innovations for advancing the SDGs. In connection with this, a state-level stakeholders meet on *'Building an Ecosystem for Tech Innovators and Vernacular Entrepreneurship through Localizing SDGs'* was organized on the 10th of August 2022 in Kohima. Following this, the *'State Level workshop cum Technology Innovation Meet'* named *Technovation* on 14th March 2023 at Hotel Vivor Kohima was organised.

Objective and outcome: The objective of the innovator's meet was to provide a platform for innovators from the state to showcase and pitch their technology to the stakeholders and the larger audience. Through this initiative, AIC-SELCO Foundation and SDGCC aim to serve the innovators to develop into successful enterprises and create an ecosystem for the future generation, who have the passion and the understanding to become successful entrepreneurs through innovation.

There were representatives from the Planning & Transformation Department, Science & Technology Department, Nagaland Tool Room & Training Centre, Incubation Hubs and Innovators from different districts of the state.

Way Forward:

- Due diligence of the selected technology innovators.
- Onboard technology innovators in the AIC SELCO Incubation Programme.

Glimpses of the workshop:

OSD (Planning) & SDG Nodal Officer, Ms Nayantara Sasikumar delivering the keynote address

Innovators and participants in Technovation
